

Introducing **ZOOM-SPOUT[®]** **OILER**

The refillable multi-purpose precision oiler with a flexible spout that zooms in and out!

Zoom Spout[®] oil is ideal for use on:

- Bushings
- Electric motors (fractional to 5HP)
- Gear sets
- Compressors
- Linkages
- Vacuum pumps
- Plain or rolling element bearings & shafts
- Blowers
- Equipment slides

Virtually everything that needs to be oiled!

Reaches up to 14 inches!

Zoomspout Oilers are used by HVAC technicians, maintenance personnel, mechanics, schools and universities, fleet maintainers, contractors, facilities managers, the U.S. military, refrigeration technicians, homeowners, and millions of other satisfied users the world over!

- Premium grade, multi-purpose, turbine grade lubricating oil with a flexible, telescoping, non-conductive plastic spout
- Use on rotating and reciprocating equipment, bearings, motors & slides
- Flexible zoom spout unit extends a total of 14" for difficult to reach areas
- Oil is highly refined, free of impurities and is detergent free
- Paraffin-Based - Non-Gumming - High Temperature
